2019 - 2022

LANGUAGE

- English
- Malayalam

PROFILE

I am a full-stack developer based in Kerala, India. With a strong understanding of the MERN stack, I bring a unique perspective to the world of web development. Despite not having a formal IT education, my passion for technology and eagerness to learn has led me to become proficient in the latest web development tools and technologies. With a deep understanding of MongoDB, Express.js, React, and Node.js, I am capable of building scalable and robust full-stack web applications. My experience in self-learning has honed my critical thinking and problem-solving skills, enabling me to tackle complex coding challenges with ease. I am highly motivated to work with diverse teams and collaborate to build innovative solutions that drive business growth. I am excited about the opportunity to work with like-minded professionals in a dynamic environment that encourages creativity and innovation.
